PASS Train-the-Trainer Certification Course
February 12th and 13th, 2024**

The New Jersey Community Transportation Training Program (NJCTTP) is sponsoring the CTAA (Community Transportation Association of America) PASS Train-the-Trainer Course in Ocean County on February 12th and 13th.

CTAA's Passenger Assistance, Safety and Sensitivity (PASS) driver training program is the recognized industry standard when it comes to ensuring that your passengers are transported in the most safe, sensitive, and careful manner possible.

PASS is ideal for non-emergency medical transportation (NEMT) trips, for ADA paratransit services, for specialized transit for older passengers, for human and social service riders – really any transportation operation where the passengers require extra care.

PASS trained drivers know how to transport safely and sensitively everyone.

All attendees will need to complete prerequisite courses before attending the in-person classes. You will also need to bring a laptop or other smart device to take the test on the second day. Those who complete this training will be certified to train drivers in the PASS driver training program.
